5. Multi Disciplinary Drawing: Office Practice    	<p>For Learners with passion in Drawing or Design field. This qualification is the most popular qualification for matriculants interested in the industry of product design and AEC technical drawings. The purpose of the course is twofold as the student will familiarise themselves in further elements of technical drawing and will be introduced to additional features of all design software applications. It will cover developing proper engineering assembly drawings and techniques in generating true 3D portion will enable the learner to take the information presented on a technical drawing & convert the data into 3D wire frame and solid models. Draughting, designers, manufacturers and shop fitters are now using AutoCAD, Revit and Inventor; making multi-skilled Computer Aided Drawing (CAD) experts highly in demand. Fhulufhelo Mukwevho
Campus Director
COLLEGE OF AFRICA (CoA)

We are more than delighted to welcome you to the CoA community, where your energy and excitement enrich our vibrant campus life. Whether you are beginning or continuing your educational journey with us, we look forward to learning, exploring, and growing together.

At College of Africa, you – our students – are our highest priority, and we are dedicated to both your academic and personal growth. As you experience our campus and all it has to offer, we hope you will feel the strong sense of community that is at our core. We are not only passionate about education, but care deeply about our neighbours, our environment, and each other. This attitude of sensitivity and support informs our approach to daily campus life.

We work collaboratively to foster a campus culture that is compassionate, inclusive, supportive, and safe. This is a place where we celebrate our differences, and learn from the variety of perspectives represented in our vibrant community. By honouring and respecting each other, we create a living and learning environment where we can all pursue our dreams & reach our highest potential.

This is also a place of high ambition and broad impact. You will find that academic excellence and diversity are central to College of Africa's mission even though it is our people who continue to make College of Africa shine, especially our students. I am proud and honoured to have you at College of Africa.

I do hope that each of you, both old & new, will enter into your classroom engagements & student activities with true participation, sharing & growth. We at College of Africa wish to fulfil your tertiary dreams & aspirations. We will serve you to our fullest.
